In 1957

was issued

which described

document and machine support

Two publications ~~was~~ issued by OCR ~~that~~ depicted portions of its processing activities primarily concerning the Intellofax System, in much more specific detail, published in 1959. The first, Reference Aid on Document Processing, concerned itself with the major activities of the Document Division,

including a) processing of documents received, b) control and processing of top secret documents and certain other documents requiring special handling, c) maintenance of file of abbreviations of foreign organizations, d) compilation of the IPI, e) ~~provision~~ of support to DDI representatives abroad and to Foreign Liaison Officers, and f) provision for consumer receipt of documents and for consumer retrieval of the documents and of bibliographic data on them.

The second publication, Reference Aid on Machine Support Services,

described the operations of the Machine Division, including a) its support of the Intellofax System, and b) its special machine support projects, such as ^{those for} the Industrial and Graphics Registers, ~~the~~ the NIS Gazetteer program, ~~accounting records~~ ^{for} publications procured by the CIA Library, ^{ORR} analysts' time records for ORR, and photographic (document copying) services.

ILLEGIB

→ The CIA Library is public ~~document~~ ^{records}, and ORR analysts' time records, system
